Hi Simma,

No, we don't think that it became 19009S98 (it has a 2005 date on it). It looks like a draft permit that was sent to the SF regional water quality control board for review (we retrieved it from RWQCB files). The two 2008 permits that we are looking for are nationwide permits. We have a call into the Corps PM and he is trying to track them down for us.

Consider calling Cargill to request the permits?

Best,

Rob

Hi guys,

David noticed that 19702S98 contains a number of blanks and parentheticals with notes, questions, and question marks. Do you know if it is a final permit, or rather a draft of what became 19009S98?

Hi Rob,

It looks like the first two copies of the attached permits only have every other page scanned. Do you have copies of the entire permits?

Simma,

Here are two more, in addition to the one Brett sent last week. Still looking for third.

Best,

Rob

Hi Simma,

Brett and I are out of the office today. We will check our computer files, but this may have to wait until Monday when I am back in the office.

Hi,

Any chance you guys have these and could send them over?
